

## Anti-Bullying Policy

This policy should be read in context with OMG Education's Safeguarding, Behaviour & Exclusion and ICT Acceptable Usage Policy.

### Rationale

OMG Education (OMG) is opposed to bullying and will not tolerate bullying in any form. It is entirely contrary to the values and principles we work and live by. All staff and students of OMG have a right to work in a secure and safe environment.

We recognise that bullying is corrosive to students' well-being and their mental and physical health and is detrimental to everyone at OMG.

We also recognise that the response to bullying should not be just punitive towards the perpetrator but also explore the reasons behind the behaviour and aim to prevent reoccurrence by dealing with the underlying issues through a restorative approach. This should also aim to develop the bully's emotional intelligence and empathetic skills. In the long term, we believe this will lead to a more permanent and constructive solution to the problem.

### Mission Statement

OMG actively promotes positive interpersonal relations between all young people accessing the services of OMG.

The latest DfE advice - Preventing and Tackling bullying, was updated in July 2017. Within the advice, the DfE is clear that schools will be accountable through the current Ofsted framework, and schools should be able to demonstrate the impact of anti-bullying policies.

### OMG Principles

- Discuss, monitor and review our Anti-Bullying policy regularly (*Regularly' in this context means as a minimum annually, but amendments will be expected more frequently than this through staff training and development*)
- Support staff to promote positive relationships and identify and tackle bullying appropriately
- Ensure that students are aware that all bullying concerns will be dealt with sensitively and effectively, that students feel safe to learn, and that students abide by the anti-bullying policy.
- Report back to parents/carers regarding their concerns about bullying and deal promptly with complaints. Parents/carers, in turn, work with the school to uphold the anti-bullying policy
- Seek to learn from good anti-bullying practices elsewhere and utilise support from the Local Authority and other relevant organisations when appropriate

OMG has an enduring interest in the welfare and conduct of its students and will respond positively to any information it receives about bullying outside OMG premises.

### Definition of Bullying

Bullying is behaviour by an individual or group, repeated over time, that intentionally hurts another individual or group either physically or emotionally. Bullying can take many forms (for instance, cyber-bullying via text messages, social media or gaming, which can include the use of images and video) and is often motivated by prejudice against particular groups, for example, on the grounds of race, religion, gender, sexual orientation, special educational needs or disabilities, or because a child is adopted, in care or has caring responsibilities. It might be motivated by actual differences between children or perceived differences.

Bullying can include (but is not limited to): name-calling, taunting, mocking, making offensive comments, kicking, hitting, taking belongings, inappropriate text messaging and electronic messaging (including through websites, social networking sites and instant messenger), sending offensive or degrading images by phone or via the internet, producing offensive graffiti, gossiping, excluding people from groups and spreading hurtful and untruthful rumours.
